## Microfiber Bar Towel

- new waffle-weave creates more efficient cleaning by providing greater surface contact
- virtually lint-free
- absorbs more than seven times its weight in liquid, much more than conventional bar towels
- part of a “Green Clean” system due to less water and chemical usage
- removes 99% of bacteria with water alone\*
- synthetic fibers are resistant to bacteria growth
- more durable than conventional bar towels - will last through hundreds of washings
